John Famous' Tenant House at Mill Green Mill Green Road Street, Maryland 21154

As early as the third quarter of the eighteenth century, there may have been a grist mill at Mill Green. That first mill, known as "Ashmore's Mill", was the hub of a community that included a saw mill and probably a store as well. During the 1820's John Ashmore's daughter, Susanna, and her husband, Nathaniel Smoloff Bemis, expanded the family enterprise with a forge and an ordinary. By the 1830's there was also a tannery, and the village was the scene of great activity and enterprise.

The kitchen wing of this house may date from the early phase of the village's growth and the south portion from the time Thomas H. Roberts or his daughter, Margaret Roberts Street, owned the mill in middle of the 19th century.

#### DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two-story, gable-roofed frame house is situated in the village of Mill Green on the north side of Mill Green Road.

Set on a low stone foundation, the house faces south and consists of two units: the four-bay by three-bay south unit with a center front gable, a boxed cornice with gable returns, and two interior end brick chimneys with dentelled caps; the threebay-long north kitchen wing has an interior end brick chimney with a corbelled cap and a one-story, shed-roofed addition on the north end. Most of the original 6/6 window sash have been replaced.

A one-story, hipped-roof porch spans the south or principal facade. In the first story, entrances are located in the center two bays, flanked by windows in the outer two bays. In the second story, the pair of windows in the center bay is flanked by one window on each side. The gable contains two 6/6 sash windows.

The east end has three windows in the first story, two in the second, and two in the gable.

Fenestration on the kitchen wing has been altered substantially.

### STATEMENT OF SIGNIFICANCE

As early as the third quarter of the Eighteenth Century, there may have been a grist mill at Mill Green. That first mill, known as "Ashmore's Mill" was the hub of a community that included a saw mill and probably a store as well. During the 1820's, John Ashmore's daughter Susanna and her husband, Nathaniel Smoloff Bennis expanded the family enterprise with a forge and an ordinary. By the 1830's, there was also a tannery. Local historian Mary Bristow described the town at that time as 'a rip-snorting company town, churning with energy, smoggy with the fires of the forge,... trembling with the clanging and thrashing and grinding of manufacturing. It reveled as the main N-S & E-W crossroads, right in the middle of north country travel." By 1915, the flour milling industry in Harford County was floundering.

The kitchen wing of this house may date from the early phase of the village's growth and the south portion from the time Thomas H. Roberts, Sr. or his daughter, Margaret Roberts Street, owned the mill (after 1838).

The owner of the land from 1771 until 1797 was Col. Ignatius Wheeler, one of the founders of St. Ignatius Catholic Church.
